

## Shoreham Sailing Club

223 Harbour Way, Shoreham-by-Sea, West Sussex, BN43 5HZ

Trustees Annual report  
Tuesday 1 December 2020

The Trustees of Shoreham Sailing Club are;

- Sophie Mackley (Chair),
- Jeff McTaggart (JMc),
- Philip Ayton (PA),
- Richard Bramley (RB),
- Ian Knight (IK)

The trustees have met in accordance with the constitution and continue to use their powers of delegation to leave the running of the club to the Shoreham Sailing Club elected committee - as such the Commodore's annual report will suffice to cover club activity this year.

The Trustees are happy with the running of the club at this time and the only area of concern voiced related to the continued problem with the slipway which, despite remedial work carried out by the contractors for the Environment Agency, is still showing signs of spalling as the panels at the bottom of the slipway are still lifting.

Since the construction of the slipway considerable erosion has occurred exposing the groynes and the area where the tidal wall ends. The drop to the North of the slipway has increased from one metre to three metres. This creates a significant risk for member and those using the slipway and there was concern about the club's liability should an accident occur. Sophie Mackley agreed to take these concerns to the Environment Agency and report back.

Jeff McTaggart is resigning his position as Vice-Commodore, and as such there is now a vacancy for this role and the associated role of Trustee. All other Trustees are willing to stand for re-election.

Sophie Mackley  
Commodore and Trustee of Shoreham Sailing Club
